

NEC XON Systems (Pty) Ltd.

Sustainability Mission Statement

NEC XON Systems (Pty) Ltd. a company dedicated to providing comprehensive turnkey Information Communication Technology Infrastructure (ICT) solutions that includes voice and data infrastructure, advisory, planning, design, supply, installation, commissioning, and maintenance services.

NEC XON Systems (Pty) Ltd. designs, builds, operates, and manages information and communication technology (ICT) solutions designed uniquely for customers based on partnerships with industry-leading vendors and the broadest and deepest skills base available.

Mission Statement

At NEC XON Systems (Pty) Ltd, we are committed to integrating sustainability into all aspects of our operations. To positively affect our planet and communities, we endeavour to balance economic development with environmental care and social responsibility.

Through innovation, collaboration, and continuous improvement, we strive to:

- We aim to minimize energy consumption, waste generation, and greenhouse gas emissions across all aspects of our operations, from product design and manufacturing to daily business activities.
- We are dedicated to developing and providing products and services that empower our customers to operate more sustainably, optimize resource efficiency, and mitigate environmental impact.
- We prioritize ethical sourcing, responsible waste management, and the use of renewable resources.
- We are committed to raising awareness about environmental issues and promoting sustainable behaviours among our employees, partners, and communities.
- We hold ourselves accountable for our environmental performance by setting goals, tracking key metrics, and transparently reporting our progress to stakeholders.

By integrating environmental sustainability into our core business strategy, NEC XON Systems (Pty) Ltd) is dedicated to making a meaningful and lasting contribution to the preservation of our planet for current and future generations.
